Please insert the following paragraph at the beginning of the specification (before Background section):

Priority Claimed

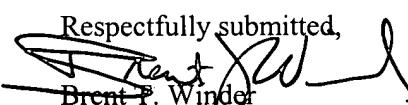

This application claims priority to Application 60/404,423 filed on August 19, 2002.

REMARKS

The applicant inadvertently left the foregoing priority information off of its non-provisional application. Based on its conversations with various USPTO officials, it is believed that the foregoing amendment, along with the accompanying fee, should remedy the situation.

Please contact the undersigned if this matter requires further discussion, or if anything further is needed in this regard.
